

Urethane Blades

Sizes: 6- through 48-inch

T.D. Williamson, Inc.

Bulletin No: **3040.001.03**
Date: January 2007
Cross Indexing No: n/a
Supersedes: 3040.001.02 (3/06)

■ **3-Rib Urethane Blades**

■ **Plow Urethane Blade**

Description

TDW urethane blades provide the tough scraping action necessary to remove soft internal deposits. The various types of blades available replace blades on Vantage[®]+, Vantage[®] IV and Vantage[®] V, WCK and T-1 Pigs.

Features

TDW Urethane Blades are formulated from our polyurethane formula, which is designed to provide superior abrasion resistance and maximum scraping action. All urethane blades are exact duplicates of the original blades purchased and are completely interchangeable for field installation.

Options

T. D. Williamson, Inc., is committed to providing you with the exact product to assist you in planning, budgeting and meeting the specifications for your individual application needs. The following options are available.

- Different urethane formulations are available for unique applications.
